2010 14th Annual Deepwater Technical Symposium

Did you know that the New Orleans AADE Chapter is the lead sponsor of this year's Annual Deepwater Technical Symposium? This is one of the best, if not the best, local technical conference focused on the Deepwater Gulf of Mexico.

The Symposium team is hard at work putting together this year's event. The Keynote Speakers are scheduled and we are currently filling out the technical program. The first Keynote address will be given by Rich Pattarozzi (former VP of Deepwater Development for Shell). Rich will provide a lookback on Deepwater Development in the Gulf of Mexico. Looking forward, Chris Oynes (Associate Director of Offshore Energy for the MMS) will provide a glimpse of OCS development going forward. Two great talks to review and look forward to on Deepwater Developments.

There are still opportunities for you and your company to participate, either submit a presentation or exhibit and sponsor the symposium. Information is below.

Please review and sign up for the 14th Annual Deepwater Technical Symposium!

Joe Leimkuhler
2010 Deepwater Technical Symposium Chair

AADE GOLF TOURNAMENT
FRIDAY, MAY 14, 2010
CARTER PLANTATION GOLF & COUNTRY CLUB

Dear AADE Members and guests,

The annual golf tournament is one of our biggest fund raisers and it allows us to continue to give back to the community, to our universities, and to our future drilling engineers through scholarships. This past year alone we gave \$25,000 in scholarships, and provided monies to our universities for mud lab equipment and more.

We could not make this possible without the help of each and every member and company that donates money for teams, door prizes, hole sponsors and more. With our industry suffering through some rough times over the last 18 months, companies have had to modify there spending plans and commit to only so many industry events. We hope that each of you will consider making the annual AADE golf tournament one of the events that you participate in. The AADE is fully tax exempt and all the monies earned go back to the community, the universities, and our students.

Participation in this event can be accomplished in one of many ways:

- Team sponsorship
- Hole sponsorship
- Door Prizes
- General Sponsorship for shirts, etc.

This is one of the premier oilfield events held in our area so please consider joining us on May 14, at Carter Plantation for a full day of fun, good food, and great prizes. With your support we can continue to provide scholarship dollars and funds to the universities that turn out drilling engineers year after year.

Contact any of the golf committee members to get your team or company involved. See the following registration form for details.
