**From the President**

Merry Christmas and Happy New Year to you all. Well, another year has past and I have good news. (Baseball is just around the corner!) No that is not it but its close. (Boise State OU game was out of sight!) No, that's not it but that game was a thriller!! Could it be.. Why yes it is... The AADE Annual Liars Club Meeting is this month! Whoo hoo!!(That is for you Jim C.)

Yes, all us operators can stand up there and let all you contractors know what to expect for the coming year. That is of course if the "Good Lord is willing and the price of oil doesn't fall". (I always thought that phrase had something to do about flooding creeks or something like that) Oh well, just come to the RICE BOWL, on Thursday January 18<sup>th</sup> at 5:30 for a really good time, drinks (easy on the drinks Steve), food and a whole lot of BS, I mean information about the

coming year. It will be an action packed event with plenty of Patrons so come early and get a good seat. (Geez, I sound like an advertisement).

It really does help though for all of you to participate your time and \$\$\$\$ to the AADE as we are then able to give a bunch of up and coming youngsters some financial assistance to help them to be on their way to bigger and better things. (Speaking of bigger and better I have a suggestion to the people at the Five Dogs Clay Shoot.) Can they make the clay pigeons bigger??? For some of us that only shoot once a year it sure would help our score. I'm sure I missed half of those buggers by just a little bit. I think I better let that one go because I know what some of you "expert" marksmen will say. I have too much L.O.F.T. "Lack of ..... Talent".

Have a great year everybody and support your local AADE!!

*Tim Zdarko*

## News Briefs

As usual the Shoot was more fun than we expected and the food and raffle were a fantastic. Thanks to all the sponsors and the people that put in the time to make it happen. We are publishing the scoring results of all the shooters, so you can see who is improving. We would like to see more of you come out and participate, even if you have not done this sort of thing before. If you think you would be interested but do not have a gun, we can fix you up with one. The next Shoot will be in May, give it some serious thought.

On the 18<sup>th</sup> at the Rice Bowl the Operator's Forecast for 2007 will be presented by a distinguished representative of the drilling department several of the busiest operators in the state. This is generally our best attended monthly forum, so get there early to get a seat. Not only is it informative but it is a great social event as well.

We will have another monthly forum in February and then before you know it, March is here and time for our Golf Tournament. Be thinking about who you can get for a six-some and you might even do a little dieting because you know you are going to way over eat during this tournament.

Mark Birdwell was the lucky winner of the grand prize at the raffle at the December Shoot. It was a really nice Remington 223 rifle. He will be our featured Lucky Member of the Month, if he gets his bio in on time. If not, he will be in next month.

Happy New Year and Best Wishes for a prosperous 2007 to everyone!!!

*Bob French*
